★★★★☆ Great resource...poorly constructed

June 13, 2018

Format: Paperback | [Verified Purchase](#)

This is the 2nd year I've bought these workbooks for my daughter and I think they great. However, I'm having an issues with the pages falling out this year...Both workbook pages and the sticker pages. We're only at the end of level one (page 18) and 3 regular pages and 3 stickers pages have already dislodged. Great content and materials...poorly constructed.

★★★★★ **Fun for summer work**

July 17, 2017

Format: Paperback | [Verified Purchase](#)

We've been using this for a while now and my son seems to enjoy it. He is assigned 2 pages each day, just to keep him from forgetting everything over the summer. The material is presented on brightly colored pages with easy to understand instructions.

The most fun part of this book is the map. As he finishes a page he gets to add fun stickers to it so he can see his progress. He even asks to do the extra quests to get the stickers for those!

★★★★★☆☆ **My kids LOVE these!**

June 13, 2018

Format: Paperback | [Verified Purchase](#)

Oh my gosh my 9 and 7 year old are OBSESSED with these workbooks! Its all about the Map and journey twds the end prize. I'm so pleased with these, they need minimal help with instructions but once they are clear on what to do they are good to go. I only wish it was a longer book, seems like they're almost through it and we've only had it a week! Please Brain Quest come out with some more Summer editions like these! Would definitely recommend these work books, they're awesome!

★★★★★ **My 4th Grader**

December 1, 2018

Format: Paperback | [Verified Purchase](#)

I purchased this book during the summer for my son because I knew as he was graduating 3rd grade and going into the 4th I wanted him to be able to have a refresher of the 3rd-grade level while being

introduced into 4th-grade level work. I really love the layout of this book and have great directions and instructions on each lesson learned. Also my son enjoys doing the practice lessons in this books and learns at the same time.

★★★★★ **This book was perfect for my son to do over the summer**

January 25, 2018

Format: Paperback | **Verified Purchase**

This book was perfect for my son to do over the summer. It reviewed already learned skills and got him prepared for skills he would be learning in the next school year. The stickers and map to track mastered objectives was a fun way to follow along. The lessons weren't too long and I felt like they were just the right amount of work. Will be purchasing again for the next level up.

★★★★★ **Reluctant learner loves it**

July 31, 2017

Format: Paperback | **Verified Purchase**

My son, who wanted nothing to do with this workbook, really enjoys the incentive sticker page. The pages are really colorful and it's not overwhelming for kids to complete just a few pages a day. I wouldn't say it was overly challenging, but my goal was to have him review subjects over the summer so I didn't want it to be hard.

★★★★☆ **Not interesting enough,**

May 22, 2018

Format: Paperback | **Verified Purchase**

I was disappointed at the level of busy work. I would have liked more skills and drills and less fluff. We already had the 1 & 2 version and my older son wanted one too since he wanted to have a chart on the wall to follow as well.

Good summer reading list at the back and I like the wall chart with stickers to chart progress.
